FROM DISCOVERY TO SUBMISSION AND BEYOND **- GET TO KNOW THE FULL PHARMALEX PORTFOLIO**

Dear Madam, Dear Sir,

The international consulting group PharmaLex is now established in Belgium as your local strategic partner for the global success of your innovations. Don't miss the opportunity to learn more about the services we offer.

For that purpose PharmaLex is organizing a meeting "From Discovery to Submission and Beyond - Get to know the Full Pharmalex Portfolio" to be held on June 19th, 15:00-19:30 at Le Cercle du Lac in Louvain-la-Neuve.

You will have the opportunity to discover PharmaLex expertise in Regulatory Affairs, Data Science & Statistics, Clinical Development, CMC Development, Pharmacovigilance and Epidemiology. Our teams of experts can take you through early strategic planning activities and non-clinical requirements to clinical development, through regulatory submission processes and finally guide you to market approval and product maintenance post-launch activities.

Also, two guest companies (to be announced) will share their experience working with PharmaLex to overcome their challenges.

International experts will be available to answer your questions and discuss your specific projects in a face-to-face setting, after the presentation. And a networking reception will round off the evening.

In order to participate, please register [here](#) to plan your 1-2-1 consultation with experts.

Should you personally not be available on this day, you are welcome to forward this invitation to designated delegates from your company.

With our best regards,

Ambra Francesca Volpe

BD Manager

Pharmalex Belgium
